

*Quality products, good communication,
flexibility and excellent service,
Commonfield provide all of the above.*

-Jarvis Homes Ltd

ABOUT US

As a leading British manufacturer of fitted furniture solutions, Commonfield® have a new bathroom collection to add to our current product range.

We have been designing, manufacturing and installing kitchens, bedrooms and bathrooms for over **25 years** and have built a reputation for **quality products** and service which is recognised with our industry accreditations.

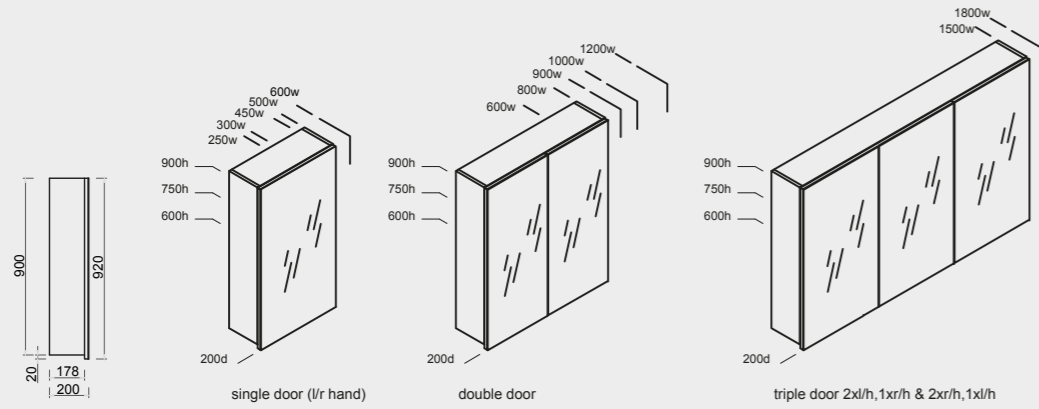

While first class quality goes without saying, the breadth of choice in our range of bathroom units, accessories and materials means our designers have at their finger tips all the elements they need to create the bespoke bathroom solutions your project – and ultimately your homebuyer – demands.

WHY CHOOSE US

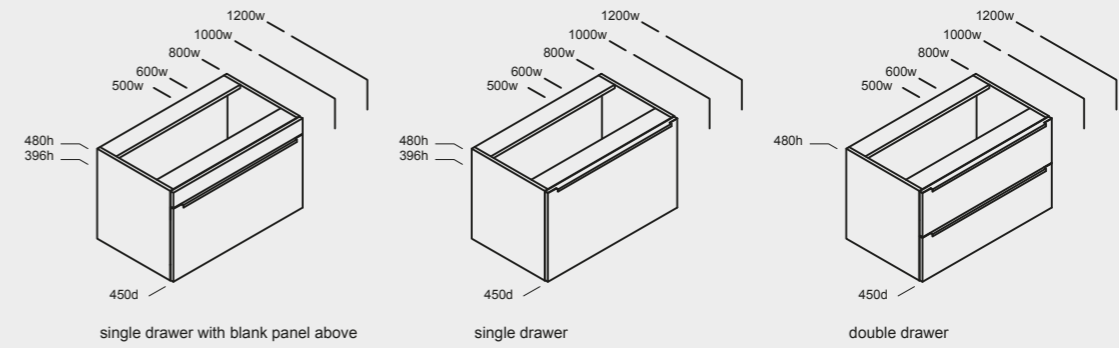

- Competitive manufacturer's prices
- High quality products
- Fully accredited
- Innovative design team to suit every brief
- In house manufacturing
- Highly skilled installation team

ACCESSORIES

A range of surface mounted and inset handles are available to compliment our product range. Built-in demister pads are a great feature to safely and gently heat up your mirror and quickly clear the steam.

Under cabinet LED lighting is also available and another great feature to elevate your finished bathroom look.

CARE AND MAINTENANCE

Our mirrors are **moisture edge protected** during manufacture. To avoid black spotting appearing on mirrors over time make sure your bathroom is well ventilated and ammonia based cleaning products should be avoided to prevent edge deterioration.

MANUFACTURED IN THE UK

Complete control of our manufacturing means we have complete capability and a degree of agility that's hard to beat. It gives us a rare flexibility in product specification, which means we are rarely beaten on price.

What's more we can meet your deadlines with the shortest lead times thanks to our 40,000 sq.ft Dunstable factory equipped with the latest CNC & edge banding technology.

FULLY ACCREDITED

At Commonfield® we are very proud of our industry accreditations in Quality Management (ISO 9001), in our drive for sustainability and environmental responsibility (ISO 14001 & FSC), in Health & Safety (through ISO 45001, SMAS & CQMS) and in fleet management (FORS).

That quantity capability is underpinned by a commitment to quality embodied in ISO 9001, ISO 45001, SMAS and CQMS accreditations and a deeply embodied Health & Safety and environmentally conscious culture

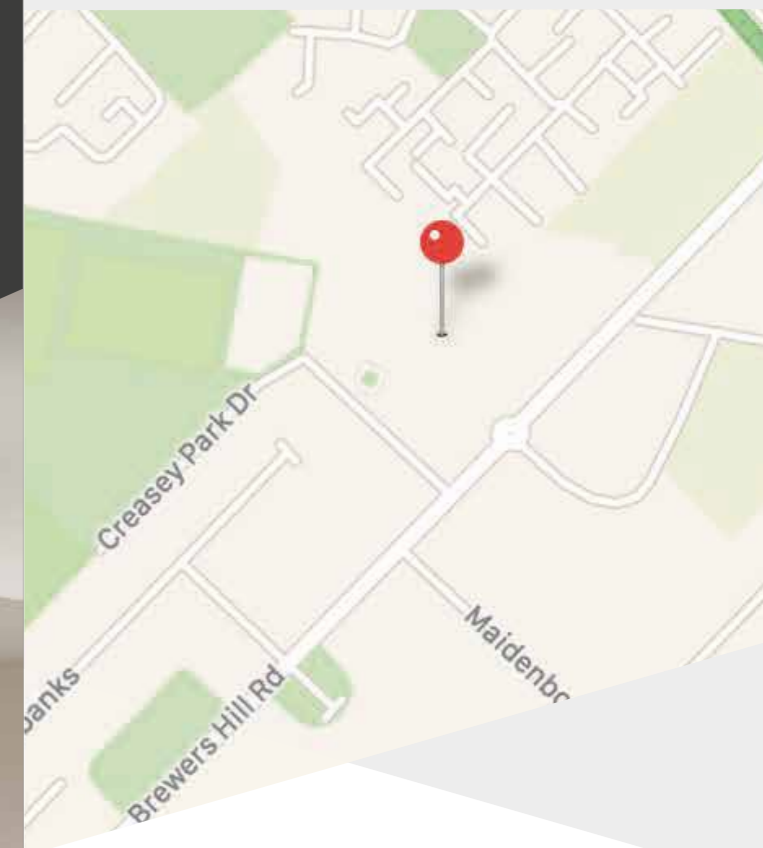

Please ask about our FSC certified products.
